| MCG0108 | # 12 Taklon Flat Artist Brush |
| MCG0066 | # 0 Sable Round |
| MAXX0015 | Canvas Framing Cord |

You will also need

Butter knife
Scissors

The Reindeer

Step 1: Antlers

Squeeze out Burnt Umber onto a plate, push your hand in to the paint and transfer the handprint on to the top of the Magnetic Canvas. Make another print right next to it with your other hand.

Allow the paint to dry before moving to the next step.

Step 2: The Reindeers Head

Squeeze out Burnt Sienna on to a plastic plate. Place the Magnetic Canvas on the floor, place your foot in to the paint and transfer the print on to the canvas under the hand prints to create a head.

Step 3: The Nose and Eyes

Using Black paint, dot on two eyes with your finger. Then create a nose with Red.

Step 4: Cutting

Cut out the reindeer with scissors, make sure you have adult supervision with this. You can now attach reindeer to the fridge.

Step 1: The Angel Wings

Mix 1 part Cerulean Blue and 1 part White on a plastic plate. Place your hand in to the plate and transfer a handprint on to one side of the canvas, repeat the process with the other hand on the opposing side. Wash your hands and throw out the plastic plate. Allow the paint to dry before moving to the next step.

Step 2: Drawing

With a 6B Pencil draw in the angel. Her dress is a triangle with a circle for the head. You can draw her holding a present if you like.

Step 3: Painting the Angel

Use Gold, White, Red, Burnt Umber and Black to paint your Angel with a #2 sable Brush. To make a pink for the skin simply mix red and white together.

Step 4: Cutting

Cut out the Angel with scissors, make sure you have adult supervision with this. You can now attach Angel to the fridge.

Merry Christmas and until next time...

Keep on Painting
