# Painting

## Step 1: Drawing the Dragon

You can have a go at drawing your own dragon or if you do not feel comfortable with drawing, an image of the dragon has been included for your reference.

Draw it in pencil first then go over the lines with Black Marker.

## Step 2: Painting the Red

Using Vermillion, paint the dragon. Then paint the chain and collar with Silver, try to paint it on as thick as possible.

## Step 3: Painting the Green

Use Mid Green for the background, again just slap it on.

## Step 3: Adding detail

Paint the eye with Lemon Yellow and the teeth White. Then once the painting has dried, outline the image with the T-Shirt Marker and add scales, which are basic U shapes facing one direction.

So try it out and until next time...

*Keep on Painting*
